This is my registration for the First English speaking Training-Course in Germany for Singing and Therapeutic Singing. I have read the information about structure, duration and content of the course.

In addition to this registration form I include:

- Curriculum with special attendance of singing-background
- My motivation for studying Anthroposophic Therapeutic Singing
- Description and /or documentation of musical skills

I understand the first module is an open trial period for all participants. At the end of the first week of training, if I choose to continue, a course agreement, committing to the entire course will be signed by myself and the course director.
